

AL-BATTĀNĪ

OPUS ASTRONOMICUM

Caroli Alphonsi Nallino index geographicus et index historicus (pars II)

S09 — editio diplomatica

Paginae impressae 359–399

Singulae lineae paginarum impressarum (et columnarum) singulis lineis huius editionis respondent, cum divisionibus vocabulorum, signis et generibus litterarum (rectis, inclinatis, distantibus). Textus ex imaginibus paginarum transcriptus est; litterae Graecae et Arabicae, transcriptiones nominum, numeri et signa in imaginibus amplificatis lecta sunt. Haec transcriptio a nullo homine recognita est.

INDEX GEOGRAPHICUS

Numeri inclinatis characteribus impressi indicant Albatenii locos, reliqui adnotationes meas.
Compendia haec sunt: lin. = linea. n. = nota, in imis paginis. nr. = numerus. add. = cum
additionibus. add. t. II = cum additionibus initio t. II collocatis. emend. = cum emendationibus.

5 Permulto post tabulas impressas prodiit optimus liber G. Le Strange, *The lands of the Eastern Caliphate, Mesopotamia, Persia, and Central Asia from the Moslem conquest to the time of Timur*, Cambridge 1905, qui pro compluribus nominibus conferri nunc potest.
